

## Help us get our tasty treat!

Aaron at TT Towers has gone too far with his post-lockdown routines. Not only has he planned out every minute of our working day, but in his resolve to make the world a more fun place, he's created the **Wheel of Time** to conceal the time of every task. All that the rest of us want to know is **what time we can have our daily treat!** To help us find out, use the clues to delete segments of The Wheel of Time. Some Clues delete more than one segment. Then **count up the number of segments of each colour that remain!**

# ANSWER

## The Wheel of Time

### Delete all segments with...

**W**

...a letter with more than one syllable.

**5,10,15,20**

...any number divisible by five.

**7 & 12**

...these numbers:  
\_\_ D in a W  
\_\_ M in a Y  
(days / months)

**1**

...the number one.

**11,22**

...any number with two digits repeated.

**u & i**

...the two vowels opposite one another.

**c**

...the letter that sounds like the ocean.

**17**

...the sum of the last three digits of the TT phone number.

**b**

...the letter that goes bzzz.
