

Help us get our tasty treat!

Aaron at TT Towers has gone too far with his post-lockdown routines. Not only has he planned out every minute of our working day, but in his resolve to get the world solving more puzzles, he's created **The Wheel of Time** to conceal the time of every task! All that the rest of us want to know is **what time we can have our daily treat!** To help us find out, use the Clues to delete segments of The Wheel of Time. Some Clues delete more than one segment. Then **count up the number of segments of each colour that remain!**

The Wheel of Time

Delete all segments with...

...a letter with more than one syllable.

...any number divisible by five.

...these numbers:
__ D in a W
__ M in a Y
(days / months)

...>Π□
□<□□□
□□□.

...any number with two digits repeated.

...the two vowels opposite one another.

...the letter that sounds like the ocean.

...the sum of the last three digits of the TT phone number.

-/..././
..././-/-/./.../
-/.../.-/-/
---/---/./.../
.../---/---/---/

Treat Time =

Four colored circles (red, green, yellow, blue) arranged horizontally, separated by a colon, representing a time format (HH:MM).
